Dear member,

As you all are aware we have made a beginning in the social activity of the club by organizing a tie up with a prestigious club and a restaurant in Delhi. Our focus now is to restart the SAST School of the club and our own social facility at Delhi in the near future. Needless to mention that our fight at the right forum for regaining control over our property at Safdarjung Airport shall continue. For doing so we are now on the lookout for suitable premises in Delhi with a built up area 5000 to 10000 sq ft maybe on a single or multi level with open space 120x 70 sq ft to accommodate parking of two aircrafts in the same premises for the school and around 5000 sq ft for our social activity. In addition to this in the paucity of funds we are also looking for financial assistance to facilitate these activities and are now trying to negotiate from banks/financial institution/ individual financer. We would therefore request our members that in case they have premises of above specification and are willing to let out at prevailing market rates we would be too glad to rent the same. We are also open to individual financing from member at an interest rate prevalent in the market as on date. Should any member desire to offer any of the above mention he/she may kindly call on the number given below.

Awaiting your response and feedback,
 regards

Amit Sharma
